**ADOPTED**

BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

37 June 4, 2014

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

Dear Supervisors:

**APPROVAL TO EXECUTE CONTRACT AMENDMENTS FOR SUBSTANCE USE DISORDER  
SERVICES TO EXTEND THE TERM THROUGH JUNE 30, 2015**

**SUBJECT**

Request approval to execute 66 contract amendments for the provision of various alcohol and drug referral, intervention, treatment, and recovery services throughout Los Angeles County.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Approve and instruct the Director of the Department of Public Health (DPH), or his designee, to execute amendments, substantially similar to Exhibit I, with the 65 contractors listed in Attachment A, to extend the term through June 30, 2015, for the continued provision of substance use disorder (SUD) services, at a total County maximum obligation of \$72,956,196 (as detailed in Attachment A); funded by the following sources: federal funds, State Realignment, Intra-Fund Transfer (IFT), Statham funds, First 5 LA, and net County cost (NCC).
2. Approve and instruct the Director of DPH, or his designee, to execute an amendment to Contract Number PH-002307, substantially similar to Exhibit II, with Tarzana Treatment Centers, Inc. (TTC) to: a) add a Statement of Work (SOW) for Edward Byrne Memorial - Justice Assistance Grant Drug Court (EBM-JAG DC) services, effective July 1, 2014 through June 30, 2015, to separate these services and funding from an existing SOW; and b) extend the contract term through June 30, 2015, at a total County maximum obligation of \$15,317,361 (as detailed in Attachment B); funded by the following sources: federal funds, State Realignment, IFT, Statham funds, First 5 LA, and NCC.
3. Delegate authority to the Director of DPH, or his designee, to execute amendments to the contracts, as identified in Recommendations 1 and 2, that allow the rollover of unspent contract funds; provide an internal reallocation of funds between budgets, as applicable, up

to 10 percent of each term's annual base maximum obligation, and/or provide an increase or decrease in funding up to 10 percent above or below each term's annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable contract term, and make corresponding service adjustments, as necessary, subject to review and approval by County Counsel, and notification to your Board and the Chief Executive Office (CEO).

4. Delegate authority to the Director of DPH, or his designee, to execute change notices to the contracts that authorize modifications to or within budget categories within each budget, up to an adjustment between all budget categories equal to 10 percent of each term's annual base maximum obligation, and corresponding service adjustments, as necessary; changes to hours of operation and/or service locations; and/or corrections of errors in the contract's terms and conditions.

5. Delegate authority to the Director of DPH, or his designee, to annually adjust Contractor's fee-for-service reimbursement rate(s) herein up to 10 percent of the existing rate if needed; any adjustments to the reimbursement rate will be based on a case-by-case analysis conducted by DPH to determine whether the cost to provide these services justifies a rate adjustment.

6. Delegate authority to the Director of DPH, or his designee, to amend contracts to remove SOWs, as necessary, and make related funding adjustments, subject to review and approval by County Counsel, and notification to your Board and the CEO.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

For several years, your Board has approved various SUD service agreements to provide services to the general population as well as specific populations such as California Work Opportunities and Responsibilities to Kids (CalWORKs) Welfare-to-Work (WtW) and General Relief recipients, Department of Children and Family Services clients, pregnant and parenting women and their children, parolees and individuals who are required by court order to participate in court mandated drug treatment programs, and youth.

Approval of Recommendation 1 will allow DPH to execute 65 contract amendments to extend the term to continue referral, intervention, treatment, and recovery services for youth and adults with alcohol and/or drug problems who reside throughout Los Angeles County.

Approval of Recommendation 2 will allow DPH to execute a contract amendment with TTC to add an EBM-JAG DC SOW to separate these services and funding as well as enable DPH to track utilization of funds and provide the Department of Justice, Office of Justice Programs, Bureau of Justice Assistance with the required reports for these funded services. Recommendation 2 will also allow DPH to extend the term of the contract to continue Alcohol and Drug Free Living Center, Outpatient Counseling, and Residential Treatment services.

Approval of Recommendation 3 will allow DPH to execute amendments to the contracts to rollover unspent funds; internally reallocate funds between budgets up to 10 percent of the annual base maximum obligation, and/or increase or decrease funding up to 10 percent above or below the annual base maximum obligation, effective upon amendment execution or at the beginning of the applicable contract term, and make corresponding service adjustments, as necessary.

Recommendation 3 will also enable DPH to amend contracts to allow for the provision of additional units of funded services that are above the service level identified in the current contract and/or the

inclusion of unreimbursed eligible costs, based on the availability of grant funds and grant funder approval. While the County is under no obligation to pay a contractor beyond what is identified in the original executed contract, the County may determine that the contractor has provided evidence of eligible costs for qualifying contracted services and that it is in the County's best interest to increase the maximum contract obligation as a result of receipt of additional grant funds or a determination that funds should be reallocated. This recommendation has no impact on NCC.

Approval of Recommendation 4 will allow DPH to execute change notices to the contracts that authorize modifications to or within budget categories within each budget, up to an adjustment between all budget categories equal to 10 percent of each term's annual base maximum obligation, and corresponding service adjustments, as necessary; changes to hours of operation and/or service locations; and/or corrections of errors in the contract's terms and conditions.

Approval of Recommendation 5 will allow DPH to consider adjustment to the fee-for-service contract rates on an annual basis. Any adjustments to reimbursement rates will be based on a cost analysis, conducted by DPH accounting and finance staff, to determine whether the cost to provide these services justifies a rate adjustment.

Approval of Recommendation 6 will allow DPH to amend SUD contracts to remove SOWs, as necessary, and make related funding adjustments as new Master Agreement Work Orders (MAWO) are executed for the provision of various SUD services to adult and/or youth populations. On November 19, 2013, as a result of a Request for Statements of Qualification, your Board authorized the execution of Master Agreements with 44 agencies for the provision of various SUD services to adult and/or youth populations. In May 2014, a Work Order Solicitation will be released to all Master Contractors qualified to provide Assembly Bill (AB) 109-funded SUD services. Upon your Board's approval of the resulting MAWOs, this recommended action will allow DPH to amend SUD contracts to remove AB 109 services and funding.

### **Implementation of Strategic Plan Goals**

The recommended actions support Goal 3, Integrated Services Delivery, of the County's Strategic Plan.

### **FISCAL IMPACT/FINANCING**

The total cost for the 66 recommended contract amendments for fiscal year (FY) 2014-15 is \$88,273,557. Attachment C is a FY 2014-15 funding summary for the various services provided under these contracts.

Funding for these services has been included in DPH's FY 2014-15 Recommended Budget and will be requested in future years, as necessary.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Attachment D is a listing of the executive directors of these SUD agencies.

County Counsel has approved Exhibits I and II as to form.

**CONTRACTING PROCESS**

On September 4, 2012, your Board authorized the execution of 71 agreements that consolidated various SUD services into one agreement per agency to allow for coordination of client services and improve the SUD continuum of care. DMC, Parolee Services Network services, and prevention services were not included in the consolidated SUD contracts.

The recommended actions will extend these contracts for twelve months, as DPH begins to release Work Order Solicitations to Master Contractors qualified to provide various SUD services to adults and/or youth.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Approval of the recommended actions will allow DPH to ensure that SUD services will continue without interruption throughout Los Angeles County.

Respectfully submitted,

**A. SERVICE MODALITIES**

Funding provided under this Statement of Work (SOW) shall cover the following treatment service modalities for Substance Use Disorder (SUD):

1. Alcohol and Drug Free Living Center
2. Outpatient Counseling
3. Residential Treatment

Depending on the modalities offered by Contractor, and to the extent allowable under the program and/or funding requirements, Contractor shall be responsible for stepping down or stepping up participants from one level of treatment to another based on clinical assessment.

**B. DEFINITIONS**

1. Alcohol and Drug Free Living Center

Alcohol and Drug Free Living Centers (ADFLCs) are housing facilities where clients recovering from alcohol and drug problems reside. ADFLCs are living environments where the presence of or use of alcohol and drugs, other than prescribed drugs, is prohibited. ADFLCs provide an opportunity for residents who have re-entered or are preparing to re-enter the labor force to pursue their own personal plan for recovery in an alcohol and drug free atmosphere, removed from normal social pressures and temptations to drink alcoholic beverages and abuse drugs. No direct treatment services are provided. However, residents of ADFLCs participate in an offsite treatment program. The residents often function as a mutually self-supportive group, reinforcing each other's efforts to remain alcohol and drug free, and may attend twelve (12)-step groups and other related activities outside the facility. Residents share the responsibility of house maintenance, food purchase and preparation, and development of house rules.

2. Outpatient Counseling

Outpatient Counseling services are those alcohol and drug treatment and recovery services which are provided in a drug-free, non-drinking environment, directed towards alleviating and/or preventing alcohol and drug

problems among individuals, or participants, pregnant and parenting women and their children, families, specific population groups, or the general community, which does not require residency at a provider's facility as part of the treatment and recovery process. Services include crisis intervention, individual/group/family counseling, urinalysis testing, case management, and referrals for ancillary services along with coordinated medical and mental health services. Services may also include, referral of a participant for medical detoxification services, residential and recovery house services, methadone treatment program services, psychiatric services, or other treatment services deemed appropriate by Contractor.

3. Residential Treatment

Residential Treatment is a twenty-four (24) hour residential program where recovery services, and/or specialized recovery services are made available to persons who have alcohol and/or drug problems. Program participants are to be involved in no less than six (6) hours of planned treatment and recovery activities per day under the supervision of trained staff. Specialized recovery services may include therapeutic intervention by professional staff such as Licensed Clinical Social Workers, Marriage and Family Therapists, and Doctors of Philosophy. The alcohol and drug residential services program is an accessible resource to the community for information about alcohol and drug related issues, referrals to appropriate alcohol and drug services, and opportunities for volunteer activity.
